The Radio Network, in association with Variety- the Children's Charity, is proud to submit this proposal for this year's Special Children's Christmas Party.

We need your help to give up to 1800 very deserving children in our community an experience that they will never forget. We are working with many charities, schools, community groups and government organisations to make this happen. The children invited will be suffering from one or more of the following: life threatening illness, physical and intellectual impairment, domestic violence, or living in underprivileged circumstances.

The Goal is simple: To put Smiles on these children's faces for at least one day this year

These special children will be treated to a day of celebrity stage shows, fun rides, games, yummy food and treats and many more interactive and fun activities. They will also meet Santa in a magical toy cave filled with thousands of high quality toys where they will receive 3 or 4 each to call their own. However, words on paper cannot do justice to what this day will mean to these children. So you and your team are invited to attend and see for yourself how amazing this event is. In past years those who have attended have been blown away!

For more detail please speak with our project team or visit the web site at the bottom of this page.
