These are “top of mind” spots, which will give you a wide demographic coverage in all centres and will run from August until early the following year on a high impact basis. These are designed to give your company good public recognition for your support in each local community. Each ad will be 30-60 seconds long with an introduction for the Special Children's Christmas Party followed by your company acknowledgment.

Corporate Identity Signage

Your banners and signage will be displayed at all events, along with the other major sponsors, in prominent positions highlighting your involvement.

Corporate Party Invitations

We would like to involve representatives from your company as much as possible on the day. This can be a variety of tasks (there is plenty to do!) ranging from taking children through the toy room, helping at the entry door, helping on some of the many rides and competitions, with the food or distributing presents in the Santa's cave. We find this serves as an excellent team building exercise and some companies use it for just that reason.

Certificates of Appreciation

We will supply certificates of appreciation bearing your Businesses name for you to display at your locations throughout the country. These are promoted heavily on Radio, Newspaper and Television urging people to support companies that display them for they are the ones that have made the day possible.

Christmas Party Photographic Reports

After the event we will send you the 2010 Christmas Party Photographic Reports featuring colour photos of the great events and a summary of each day's activities. All supporting businesses in these regions will receive one.

Please note: this is what is guaranteed you will receive. There is always a lot more promotion involved such as TV news, newspaper reports, community newspapers, company flyers, magazine articles etc. This gets larger and larger every year as more people find out about the magnitude and emotion of this special day.
